<b>BACKGROUND AND EXPERIENCE</b>	
Please briefly present the partner organization	<p>Iğdir University (IGDIR01) is a state university established on 22nd May, 2008. Iğdir University has 10 Faculties, 1 Colleges, 4 Vocational School, 1 Postgraduate Education Institute, 23 Research and Application Centers, besides that the university has 466 academic staff, 200 administrative staff, 164 auxiliary staff and 4568 associate, 4839 undergraduate, 1523 postgraduate and 70 doctoral students as total 11000 students. Considering the importance of globalization among the rising values of today, IGDIR01 constantly develops international cooperation with universities, educational organizations abroad and follows the developments in the world. After joining the Bologna process, IGDIR01 has been using the European Credit Transfer and Accumulation System (ECTS) since 2012.</p> <p>As Iğdir University, we have Student and Academic Staff Exchange programmes with different European countries under the framework of Erasmus+ and Mevlana Exchange Programmes. All universities have bilateral agreements and arrangements with overseas partner universities and have already carried out similar projects with them. To exemplify, Iğdir University has signed Student and Academic Staff EP with 91 European HEIs (under the framework of Erasmus+ [including KA131 and KA171] and 45 Mevlana EP, since 2012).</p>

What are the activities and experience of the organization in the areas relevant for this application?

Through ERASMUS+ 2014-2020 period and the future 2021-2027, International Partnership plays an important role in positioning Iğdir University international impact as it seeks to meet its strategic aims and objectives. International partnership and network development is an activity that cuts across all sections of the university and needs to be sustainable and mutually beneficial in order to have lasting cross-border impact. Increasing the number of international partnerships with institutions worldwide is one of the objectives of Iğdir University. One of the strategic goals is enhancing engagement with international education and training funding organisations (e.g. Erasmus+ and Mevlana Exchange Programme) helps to increase the quality. Another strategic goal is to establish new attempts to increase student and staff participation in international mobility programmes. One of the important contributions of internationalization is its contribution to the improvement of institutional quality and capacity through the sharing of knowledge in academic and scientific fields. The aim of our university is to drive forward our internationalisation in a dynamic and meaningful manner. These aims will also serve the needs of students and staff by making them active with the exchange programmes. The mobility will enlarge the capacity of higher education and also will contribute the research. The academic staff that are internationally minded can create globally effective research. Students who have international experience are considered employable because of their awareness capacity and skills. The academic staff and students who are a part of international mobility will contribute to the university's profile, national and international benefits.
